1 - In the begining God made heaven and earth

The earth was waste and without form

Spirit of God was moving and said

Let there be light: and there was light

R1 - There was evening, There was morning

The first day was a really good day.

2 - God made the arch for a division

Between the waters which were under

The arch and those which were over it

God called the arch: Heaven

R2 - There was evening, There was morning

The second day was a good day.

3 - God created grass, trees and plants

Fish and birds and all the animals

Cattle, reptile and feline

And God gave them his blessing

R3 - There was evening, There was morning

All these day were good days.

4 - At the sixth day, God made the man

Man and woman he made them

Be fertile and have increase,

Make the earth full and be masters

R4 - There was evening, There was morning

The sixth day was a really good day.

5 - On the seventh day,

God came to the end of all his work ;

And He took his rest

And God gave his blessing to it and made it holy:

And He took his rest

R5 - There was evening, There was morning

The seventh day was a good day.
